REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The amendments correct the multi-dependent claim issues with Claim 22. The IDS filed 9/17/2010 has been considered by the Examiner. No prior art issues are raised by these references. While certain references, *e.g.* US 2003/0161782 appear to disclose a spray pyrolysis method similar to that already applied in the file wrapper, the references do not disclose the properly construed "periodic injection system" required by independent Claim 1 and Claim 43.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
